

PSC Registration Fee Refund Policy

Plymouth Soccer Club collects registrations throughout the year for various events, including indoor soccer, spring supplemental soccer, select try outs, soccer camp and annual fall and spring soccer season. At times, refunds are requested based on various situations. The executive board has the final decision in the amount of refund to be given, but the following items will be considered.

1. If an injury occurs where the player will not be back at all during the season, prior to games beginning, a full refund will be issued.
2. If a player is given an option to join a team, but it's not the normal team setting (i.e. coed due to numbers instead of same sex teams) and they reject the offer, a full refund will be given. If they do not make a decision two weeks prior to the first day of play, a refund less the WYSA fees, less QQQ fees and less uniform fees and less payment processing fees; will be granted. (2019 season was a \$40 refund)
3. If a player is registered but decides to not play two weeks prior to the first day of play a full refund will be given.
4. If a player decides to discontinue their spot into the season, less than two weeks prior to the first day of play, schedules are out and games/practices have begun, no refund will be granted.
